### 1. Description of Change

This document serves as the official release note for TATA **Non\_AndroidTV\_Samsung\_6.0.0** for AMX Unmanaged Platform Devices.

This release incorporates the Change Requests **CENAM\_CREDIT/DEBITCARDS&HBO** implemented **on top of v5.0.0** for Non-Android TV Platform.

The release notes provide comprehensive details of the deliverables, including builds, in-scope features, test reports, and addressed tickets across supported platform: **Samsung**.

### 2. Deliverables

## 2.1 Build Details:

| Platform   | Version Name | Environment | Build Link                                                                                                                                                                        |
|------------|--------------|-------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Samsung TV | 6.0.0        | UAT         | <a href="https://nexus.hitss-claro-video.com/repository/samsung-tizen/6.0.0/ClaroVideo.wgt">https://nexus.hitss-claro-video.com/repository/samsung-tizen/6.0.0/ClaroVideo.wgt</a> |

## 2.2 Source Code Repository:

| Branch Name   | Git Tag                                                                                                                                                                                 |
|---------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| release/6.0.0 | <a href="https://github.com/GH-Claro-Video/claro-video-no-android-smart-tv/releases/tag/6.0.0">https://github.com/GH-Claro-Video/claro-video-no-android-smart-tv/releases/tag/6.0.0</a> |

## 2.3 Build Upgrade Process:

## 3. Device Details

| HARDWARE TYPE | BRAND   | MODEL              | OS        |
|---------------|---------|--------------------|-----------|
| Smart TV      | Samsung | UA65CUE60AKL<br>XL | Tizen 7.0 |
|               | Samsung | UA43AU9070UL<br>XL | Tizen 6.0 |
|               | Samsung | QA55QE1CAKLX<br>L  | Tizen 7.0 |
|               | Samsung | UA43AUE60AKL<br>XL | Tizen 6.0 |
|               | Samsung | UA55AUE60AKL<br>XL | Tizen 6.0 |

|  |         |                    |           |
|--|---------|--------------------|-----------|
|  | Samsung | QA55Q80BAKLX<br>L  | Tizen 6.5 |
|  | Samsung | UA43CUE70AKL<br>XL | Tizen 7.0 |

#### 4.Changes Implemented

This release incorporates the New changes implemented on **top of v5.0.0** for Non-Android TV Platforms
